ANTIAGING

As time passes, the cell turnover slows down and the skin appears dull and dry; also the dermis changes, decreases the production of collagen and elastin and the skin shows signs of collapse. Fitovitae, by selecting the best natural active ingredients offers a wide range of cosmetic products useful to perform a real anti-aging action: a winning formula for combating the formation of the first wrinkles and the loss of tone and elasticity.

LATTEVITAE Cleansing Milk with Pot Marigold - Cod. 02900 - 250 ml

Very creamy milk, gently cleanses and protects the skin of the face; combine moisturizing and soothing actions of extract of pot marigold, the refreshing and anti-reddening actions of the witch hazel extract, the emollient, protective and purifying actions of camomile extract.

Responds to the needs of different types of facial skin, even the most delicate, sensitive and reddened; perfect for young skin. Lattevitae is also suitable for daily use to moisturize the entire body, giving softness and a delicate fragrance.

POT MARIGOLD cream - Cod. 03042 - 50 ml

Cream to prevent the first facial skin physiological processes of aging made with oil of pot marigold: with soothing, protective and emollient actions and elastin which restores. For all skin types but especially if cracked, delicate and easily blush.

ANTIAGING

ROSE HIP Cleansing Milk - Cod. 03090 - 250 ml

Creamy milk useful to gently remove dirt and impurities while nutrients and moisturizing the skin, it is able to guarantee smoothness and brightness. Cleanses skin thoroughly without drying and irritating, leaving it very soft and bright. Ideal for devitalized skin.

ROSE HIP Tonic - Cod. 03041 - 250 ml

Tonic made with rose hips extract, with astringent and soothing actions, gives to your skin tone, smoothness and a pleasant sensation of freshness and relief. For devitalized skin, ideal for treatment of fragile and sensitive skins.

ROSE HIP Cream - Cod. 02913 - 50 ml

Cream containing a complete and intensive anti-aging multi-functional pool of active natural ingredients able to give back a look more toned, relaxed and radiant. The extract of rose hips with smoothing and whitening action, and hyaluronic acid-acting hydrating and regenerating, making it ideal for the treatment of facial skin which shows the first signs of wrinkles.

NO MORE WRINKLES ~ MORE

FACE

As time passes, our skin loses its natural elasticity, relaxes and starts presenting wrinkles. In order to successfully fight the ageing of the skin, Fitovitae created Donna viso Q10, a line of products offering a lifting effect. This line is based on natural active principles that are excellent for the metabolism and hydration of the skin and Coenzyme Q10, that is a precious functional principle.

It includes::

Milk Cleansing TONIC - Cod. 03900 - 200 ml

Combining properties of milk and tonic, Latte Tonic delicately cleans your skin making it tonic, soft and bright. Extracts of rose hip help nourishing all types of skins, particularly those that are dry or devitalized, while fighting wrinkles.

Day Cream LIFTING Q10 - Cod. 03901 - 50 ml

Enriched with Coenzyme Q10, a natural skin component, this delicate emulsion effectively fights the natural skin ageing and its loss of elasticity, with a lifting effect on your face. Pot marigold, thanks to its active, has a moisturizing and emollient action.

EYE CONTOUR ~

The eye area has structural attributes such as to be where wrinkles are more likely to appear and as such, requires a sensitive and specific treatment in order to restore your skin's natural elasticity and softness.

GEL EYE CONTOUR LIFTING Q10 - Cod. 039005 - 15 ml

Fluid gel extremely rich and concentrated specifically developed to reduce and prevent small wrinkles around the eyes with tensor/impact effect. Formulated with Coenzyme Q10, hyaluronic acid, extract of Argan oil, camomile extract and distilled water of rose, cornflower and flowers leaves skin very relaxed, smooth and soft, giving back its natural freshness.

WRINKLES

Night Cream LIFTING Q10 - Cod. 03902 - 50 ml

This innovative cream was studied to fight skin ageing and face relaxation. It is perfect for night. The presence of natural active principles, such as Elastin, Collagen, Hyaluronic Acid and Coenzyme Q10 give it a moisturizing, nourishing and smoothing effect, for a perfectly tonic face.

LIFTING Mask Q10 - Cod. 03904 - 50 ml

This mask cleans the skin while guaranteeing a "lifting" effect, thanks to antioxidants contained in Coenzyme Q10, a natural skin component that helps protecting Elastin and Collagen, which are indispensable for a smooth, soft and bright skin, with no more wrinkles.

FACE

SKIN MARKS

Changes in skin colouration and the appearance of skin marks on the face, hands and other parts of the body, may occur at any age and be due to several reasons.

CITRUS Lotion - Cod. 02907 - 50 ml

This lotion was purposely studied to prevent and eliminate skin marks. It exploits the whitening and anti-reddening action of lemon and Common Yarrow's essential oils, combined with the soothing and refreshing action of various extracts.

CITRUS Cream - Cod. 2908 - 50 ml

Thanks to the combined action of Lemon and Glycolic acid's essential oil, CITRUS Cream gradually soothes skin marks, moisturizing and preventing the skin ageing. To be used regularly at night, avoiding exposure to sun.

COUPEROSE

The couperose is an unaesthetic factor that presents as a thick net of reddish-purple miniature veins in the cheeks and the side of the nose, often found on thin, delicate and sensitive skin or skin that is easily irritated.

BILBERRY Cream - Cod. 02969 - 50 ml

The anti-reddening action has been obtained by the combined use of Bilberry and Horse Chestnut extracts, that also assure the drainage of the veins and improves circulation. The UV filters act as shields against the action of sunlight. Indicated for the cosmetic treatment of delicate, sensitive and couperose skin.

FACIAL BEAUTY CARE

FOR SKIN IMPURITIES

A greasy, impure skin can be easily recognized: it is oily, waxy and shiny and presents large pores, which reveal an asphyxiated skin. To avoid this unaesthetic factor we need a well-balanced cleansing treatment and should use products that help reducing secretion and regulating the excessive sebum production. Fitovitae used natural properties offered by Propolis, which can fight bacteria, balances and normalizes the skin.

PROPOLIS Liquid Soap - Cod. 03035 - 150 ml

Using this soap day and night is the best way to clean impure skins thanks to Propolis and Thyme and Rosemary's natural extract, while normalizing your skin.

PROPOLIS Lotion - Cod. 02929 - 150 ml

Especially created, completes the cleansing of the oily skin by toning it, and effectively contributing to normalizing skin impurities.

PROPOLIS Day & Night Cream - Cod. 02972 - 50 ml

This day & night cream perfectly reduce oily skin, cleaning and removing impurities thanks to Propolis and extracts of Burdock, Lavender and Plantain, together with Lemon, Thyme and Rosemary's natural essences.

PROPOLIS Treatment- Cod. 03036 - 50 ml

This is recommended for a deeper treatment of impurities. The action of Propolis helps reducing the excessive sebum production, eliminating beauty spots and favouring healing.

MOISTURIZING & NOURISHING

The skin, just like any other part of our body, needs constant moisturizing and nourishment. That is why Fitovitae created VITOLIVAE, a new line based on Extra-virgin olive oil, which is known for its extraordinary properties: the best way to protect our skin and its beauty. All emollient and moisturizing effects of olive oil add to the anti-ageing properties of vitamins A,E. That is the best solution for all types of skins needing a deep moisturizing and nourishment, restoring their elasticity and freshness.

VITOLIVAE Day Cream - Cod. 02001 - 50 ml

To be used for your daily moisturizing. Thanks to the excellent emollient properties of Squalane, an active principle contained in Extra-virgin olive oil, as well as vitamins A and E's action against free radicals, VITOLIVAE has deep moisturizing and balancing effects. It is the perfect remedy for dry and dehydrated skins.

VITOLIVAE Night Cream - Cod. 02002 - 50 ml

To be used for daily nourishment of your skin. Thanks to the excellent regenerating properties of Squalane, an active principle contained in Extra-virgin olive oil, as well as vitamins A and E's anti-wrinkles effect, Karite butter and extracts of Apricot, it creates a barrier against free radicals, balancing the hydrolipidic mantle.

VITOLIVAE Detergent Gel

Cod. 02005 - 200 ml

It delicately cleans and removes impurities, softening and hydrating thanks to Extra-virgin oil and Camomile, which has emollient and protective properties.

FACIAL BEAUTY CARE

FACE & BODY PEELING

Aggressive external influences (as well as climate, make-up, solarium...) continuously affect the brightness, complexion and compactness of the skin. An exfoliating treatment helps renewing cells, in order to have a cleaner, smoother skin. FITOVITAE offers you a new, exclusive treatment to tonify your skin, making it soft and perfectly clean, ready to absorb active principles.

FITOPEELING Scrub - Cod. 03040 - 150 ml

Micro particles remove dead cells and impurities that accumulate on the face and body skin, guaranteeing a delicate peeling. FITOPEELING is rich in highly-moisturizing active principles (amino acids, sugars, vegetal-extracted alpha hydroxyl acids) as well as an Apple extract, with emollient and toning-up effects. The presence of Camomile gives this product soothing properties.

BODY

TONIFYING ~ STRETCH MARKS

The loss of skin tone is frequently caused by too-rigid diets or by lack of physical exercise. There are many therapies to help restoring the skin elasticity, such as hydromassage or body building, but above all daily treatments with FITOVITAE's nourishing and tonifying creams. These will restore the elasticity of your breasts, abdomen and whole body, preventing and fighting stretch-marks. The FITOVITAE treatments regenerate and revitalize tissues, thus reducing all skin imperfections.

ROSEMARY Cram - Cod. 04025 - 150 ml

The combined action of Rosemary extract with other active herbal principles, gives the cream a specific action to harden the skin tissue, giving the body skin tone, elasticity and brightness, contrasting the natural sagging skin. The Calendula oil protects the skin leaving it soft and compact at touch.

BODY BEAUTY CARE

BREASTS ~

Because of its support action, the breast skin is one of the most delicate parts of women's body, it thus needs special cares. In order to make your breast compact, bright and tonic, FITOVITAE created:

BREASTS FACTOR

Cod. 03908 - 50 ml

Purposely created to improve the aesthetics of breasts, this product contains a series of tensor-effect active principles from Hop-plant, Ginseng and Seaweed, which have strengthening and vitalizing effects. The presence of Elastin makes in the best treatment to prevent stretch marks. Perfect for skin relaxed and atonics.

CELLULITIS

Cellulitis afflicts about 90% of woman today. A body afflicted with cellulitis, even in young woman, suddenly gives a sense of "disharmony" and can be the cause of profound embarrassment. In an hypothetical list of causes, an alteration in micro-circulation seems to be most prominent, along with hormonal irregularities, wrong eating, habits, smoking, contraceptives or a too-tight clothing.

FITOVITAE suggest you a regular use of:

FITOLINE PLUS Cream - Cod. 02985 - 150 ml

This innovative, improved formula was purposely studied to effectively fight cellulitis. It is based on Centella, Ivy and Birch vegetal extracts, enriched with Escina. The combined action of these natural active principles helps improving the functionality of "crucial points", such as things and sides, which are particularly affected by stasis of liquids and fats.
